February 1, 2018

Subject: Notification of Closure: Nearman Creek Power Station Coal Combustion Residuals Surface Impoundment, Permit No. 0413

Dear Mr. Selm,

This letter serves as notification to the Kansas Department of Health and Environment (KDHE), Solid Waste Division, that the Kansas City Board of Public Utilities (KCBPU) is closing the Nearman Creek Power Station Coal Combustion Residuals (CCR) Surface Impoundment, Permit No. 0413. It is anticipated that the CCR Surface Impoundment will not be operational between April to May 2018 timeframe. KCBPU will be submitting relevant construction quality assurance plans and drawings in the near future for KDHE approval. KCBPU will coordinate all closure activities and schedules with KDHE.

Please feel free to contact me with any questions or if you would like to discuss this further. I can be reached via email at isetzler@bpu.com or by phone at 913.573.9806.

I appreciate your assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Ingrid Setzler', is written over a blue horizontal line.

Ingrid Setzler
Director Environmental Services
